MENTOR INVITATION 2023

Become an Emergence Mentor!

Share your expertise. Create Impact. Support the next generation of purpose-driven entrepreneurs.

At Emergence, we build educational programs that develop the next generation of socially and environmentally conscious leaders and an ecosystem of partnerships and funding to catalyze and scale impactful innovations and companies.

Emergence Mentorship for Stanford Students
The Emergence Mentorship Program supports a cohort of ten highly driven social and environmental student entrepreneurs each year. Through weekly training, speakers, a network of like-minded peers, and industry mentorship students are supported to ideate, develop, and launch purpose driven ventures that address societal and planet health challenges.

What is it like to be a Mentor?
We look for individuals and organizations (companies, NGO’s, Stanford faculty/alumni) who are excited about supporting and mentoring our students to develop and launch purpose driven ventures. Our mentors commit to:

- Mentor 2 or 3 students over a four month period (2hrs per month), March -June 2023.
- Share your experiences and promote purpose-driven entrepreneurship.
- Encourage students on their path to success.
- Provide critical support and feedback to students to refine their venture concepts and pitch.
- Attend the concluding celebration where students pitch their ventures to their peers, coaches, mentors, and a group of investors, May 2023.

Successful committed mentors are key to our students' success! For more information or to apply to be a mentor please reach out to sgillett@stanford.edu or visit: emergence.stanford.edu/our-programs/mentorship-program
